## Finish

Cedar gets bolder, cocoa turns darker, and espresso notes emerge. Clean pepper on the retrohale and a long, sweet finish with zero harshness.

## Middle

The flavors deepen. Cocoa, warm cinnamon, and mineral creaminess rise to the front. Thick smoke, balanced spice, and richer body without losing smoothness.

## Start

Smooth cedar, a touch of pepper, and a natural sweetness from the Jalapa influence. Creamy, floral, and welcoming, a smooth opening.
